Eggie In Box is a unique and creative way to enjoy eggs. From classic scrambled eggs to innovative creations like the Lobster Eggie and the

Avocado Eggie, there's something for everyone to love.

Eggie In Box was founded by Catherine Cheung, a young entrepreneur with a passion for food. Catherine was inspired to create Eggie In Box after she realized that there was a lack of healthy and affordable breakfast options available. She wanted to create a concept that would offer delicious and nutritious egg-based dishes that could be enjoyed on the go.

Eggie In Box has quickly become a popular destination for breakfast, brunch, lunch, and dinner. The menu features a wide variety of egg dishes, as well as sides and drinks. There are also several vegan and gluten-free options available.

One of the things that makes Eggie In Box so unique is its packaging. The egg dishes are served in individual boxes, which makes them easy to eat on the go. The boxes are also designed to keep the food hot and fresh.

Eggie In Box is a great option for people who are looking for a healthy and affordable meal. The food is delicious and the service is friendly. Whether you're looking for a quick breakfast or a leisurely lunch, Eggie In Box is sure to have something for you.
