The Books

The Frank Einstein book series currently consists of four books:

- Frank Einstein and the Bio Action Gizmo (2010)
- Frank Einstein and the Antimatter Motor (2011)
- Frank Einstein and the Time Machine (2012)

- Frank Einstein and the Invisible Force (2013)

Each book in the series is a standalone story, but they all feature the same characters and the same basic premise. Frank Einstein is a brilliant young scientist who uses his inventions to help people and solve problems. In the first book in the series, Frank invents the Bio Action Gizmo, a device that can bring inanimate objects to life. Frank uses the Gizmo to create a team of superhero animals, and together they go on adventures and fight crime.

The subsequent books in the series follow Frank and his friends as they use their inventions to solve other problems, such as pollution, climate change, and poverty. The books are full of action and adventure, but they also contain a lot of educational content. Frank and his friends often explain the science behind their inventions, and they provide readers with hands-on activities that they can do to learn more about science.
